

Danny Gunn Sr., Parliamentarian

Retired Electrical Foreman with CP&L, Master Naturalist

White

Male

Danny Gunn, Sr. is a Texas native and has lived here his whole life except during his military service. After service he worked for Central Power and Light (CP&L) for 36 ½ years where he worked in San Benito, Corpus Christi, then transferred to Laredo as an electrical foreman. He then became plant foreman in charge of maintenance at the Laredo power station and Eagle Pass hydro plants. Danny has remained an avid gardener his whole life and has been certified as a Master Gardener and Naturalist through Texas programs. Danny has been on the RGISC board of directors since 1996 and served as RGISC President from July 2010 to 2011. He helped develop Laredo's first nature trail—the Paso Del Indio Nature Trail and consulted the City of Laredo with the layout of several nature trails.
