

Edward D. Garza, P.E., CFM

President / Principal Engineer of Crane Engineering Corporation

Hispanic

Male

Eddie is a second generation Licensed Professional Engineer and Principal of Crane Engineering, a full service civil engineering firm established in 1996 that provides comprehensive services in planning, hydrology, storm water management, street analysis and design, water and wastewater, public works, and sustainable development practices. He obtained his Bachelor's Degree in Civil Engineering from Texas A&M University College Station in 1987 and has over 30 years of experience in planning, designing, and managing infrastructure projects in South Texas. He has served as Project Engineer on multiple City, School, and County projects utilizing over \$160 million in public funds and improving the quality of life for our region. Eddie also has 10 years' experience in building design, construction and property management.

Eddie is a member of NSPE, TSPE, TEF, ASCE, and TFMA. As a member of TSPE, Eddie has served in various state and local leadership positions including Board Member Texas Engineering Foundation, Region III Vice-President; and multiple chapter positions including President, State Director, and MATHCOUNTS Coordinator for over 23 years. He is also a graduate of the inaugural class of the PE Leadership Institute.

In 2015, Eddie was named Texas' MATHCOUNTS Coordinator of the year for his work in developing the MATHCOUNTS Program in Laredo. He was also named Distinguished Engineer of the Foundation in 2014 by the Texas Engineering Foundation in recognition of his service to the engineering profession.

Eddie also serves as a member of the Texas A&M International University Engineering Advisory Committee, various City of Laredo Technical Committees, and is a Paul Harris Fellow through Rotary International.

Eddie is married to his high school sweetheart, Annie, celebrating 36 years, and has three children, David, Robert, and Jennifer, and one grandson, Edward Benjamin.
